

Beverly Galimore is a native Floridian who relocated to North Texas in 1985. Upon arrival she immediately realized that her choice to move was guided by the Holy Spirit. The origins of the decision to move to Texas bore witness to the unction in Beverly's spirit that motivated her to move from the white sandy beaches of Florida to North Texas where the climate is significantly hotter and without reasonable proximity to the ocean and sandy beaches that she loved and enjoyed.

Very soon after arriving in North Texas Beverly and her daughter joined Hamilton Park United Methodist. She immediately knew that HPUMC was their new church home because she was so comfortable at the "Park."

The Minister of the church was Rev. Dr. Kwame Larty, he had a very strong and clear commitment to prayer and the power of the Holy Spirit. His Tuesday evening Bible study classes grew fast and large. The congregation began to grow in wisdom and stature as Dr. Larty began holding intercessory prayer meetings on Friday evenings.

On many Friday evenings, intercessory prayer meetings went on until one am. Dr. Larty taught lessons regarding what is truly required to believe in God. He taught us about baptism of the Holy Spirit and that God hears us when we pray. For many congregants, this concept was unfamiliar because we were not previously taught anything about baptism of the Holy Spirit. Shortly thereafter we began experiencing miracles in Bible study and intercessory prayer meetings.

In Methodism pastors are appointed to the church through a pastoral assignment process. There came a time when we were assigned a new pastor and ministry leaders. In Dr. Larty's absence, the core group of intercessors prayer team members kept their faith renewed by teaching bible study groups, and some became ministry leaders. As a group they began attending conferences where the Word was preached in conjunction with Baptism of Holy Spirit.

Beverly has continued to learn and grow in her faith as she experiences a deeper relationship with God. Beverly's life is one of Service to God through the prayer ministry. Beverly's life journey continues to be meaningful, and God centered.

She is a witness and testament to hearing from God in her spirit then taking actions guided by the unction of the Holy Spirit. She moved from her beloved home near the ocean and sandy beaches to the hot and arid North Texas where she has and is experiencing spiritual blessings.

Beverly is still motivated to act upon direction from the Holy Spirit. Moving to North Texas was the right decision for Beverly, and she has absolutely no regrets.

Beverly is living the life that God has called her to live, she has never doubted God in good times or bad. Beverly is absolutely certain of where God has called her to live, serve and minister.
